DATE: March 19, 2018
TO: All WIOA Subrecipients
FROM: John Taylor, Financial Executive Officer
SUBJECT: Program Year PY18 Q3 Participant Accruals

Idaho Department of Labor accounting staff will continue to process WIOA participant expenses through March 31st. If a tuition expenditure does not appear on the Participant Payment Register as of April 1st, it has not been paid. The system will need to have accruals created for the tuition payments not made but activity has been incurred by March 31st, which will be provided by career planners utilizing the process described below.

The accrual workbook will be available to download on April 5th at noon and will need to submit to accounting by April 10th. All WIOA career planners can submit their accrue workbooks individually but is recommended to combine with others and reviewed by supervisor.

Note: Manual accruals should be made for unpaid tuition expenses that have been incurred on or before March 31st.

To Minimize Career Planner Workload:

1. Check participants’ exit dates in IdahoWorks by March 31st, make sure there is an exit date when participant exited the activity to reduce auto accrues from the system.
2. Submit all participant and vendor payments as soon as possible.
3. Verify the date of expense falls within the service period start and completion date.

Non-IDOL Service Providers:

Accrual Excel Worksheet and detailed instructions will be emailed on April 5th.

IDOL Service Providers:

Accrual Excel Workbook and detailed instructions can be retrieved in EPIC.
