

WIOAB 10-17

DATE: December 19, 2017
TO: All WIOA Subrecipients
FROM: John Taylor, Financial Executive Officer 
SUBJECT: Program Year PY17 Q2 Participant Accruals

Idaho Department of Labor accounting staff will continue to process WIOA participant expenses through December 29th. If a **tuition** expenditure does not appear on the Participant Payment Register as of January 2nd, it has not been paid. The system will need to have accruals created for the **tuition** payments not made but activity has been incurred by December 29th, which will be provided by career planners utilizing the process described below.

The accrual workbook will be available to download on January 3rd and will need to submit to accounting by January 8th. All WIOA career planners can submit their accrue workbooks individually.

*Note: Manual accruals should be made for unpaid **tuition** expenses that have been incurred on or before December 29th.*

To Minimize Career Planner Workload:

1. Check participants' exit dates in IdahoWorks by December 29th, make sure there is an exit date when participant exited the activity to reduce auto accrues from the system.
2. Submit all participant and vendor payments as soon as possible.
3. Verify the date of expense falls within the service period start and completion date.

Non-IDOL Service Providers:

Accrual Excel Worksheet and detailed instructions will be emailed on January 3rd.

IDOL Service Providers:

Accrual Excel Workbook and detailed instructions can be retrieved in EPIC.
