

**WIOAB 07-22**

**DATE:** 11/23/2022  
**TO:** All WIOA/LAUNCH PROVIDERS  
**FROM:** Summer MacDonald *Summer MacDonald*  
**SUBJECT:** Idaho LAUNCH / WIOA Program and Unemployment Insurance (UI) Work Search Waivers

Below is guidance regarding Unemployment Insurance and WIOA or Idaho LAUNCH participants attending training.

Idaho LAUNCH participants who are **co-enrolled** in WIOA **and** attending a job training course on Idaho's Eligible Training Provider List (ETPL) list may be exempt from the requirements of being able to work, available for suitable work, and seeking work pursuant to UI Section 72-1366 (4)(a)(i) and (6).

Staff should follow the usual procedures in requesting a work search waiver, indicating the above information as appropriate. This includes any follow-up the UI program may require for those under waiver status.

Participants enrolled only in Idaho LAUNCH are **not** exempt from UI's work search requirements of being able to work, available for suitable work, and seeking work. LAUNCH staff should not request waivers in these circumstances.
